INDEX TO VOLUME 83

Aeshna tuberculifera (Odonata), Growth in (Lincoln), 589
Allen, Frederick Lewis, Today (Symposium on American culture), 517; Remarks, 557

Brahman and the mongoose: a classical Indian folk-tale as a reported modern event (Emeneau), 503
Brooks, Van Wyck, Discussion (Symposium on American culture), 549

Calendar, Origin of the ancient Egyptian (Winlock), 447
Catfishes, Neurohumors of the color changes in (Parker), 379
Chesapeake Bay, Studies on the phosphorus content of the estuarine waters of (Newcombe), 621
Cheyney, E. P., Remarks (Symposium on American culture), 584
Chinard, Gilbert, Remarks (Symposium on American culture), 583, 584
Color changes in catfishes, Neurohumors of (Parker), 379
Compton, Arthur H., Science shaping American culture (Symposium on American culture), 573; Remarks, 583
Compton, Karl T., Remarks (Symposium on American culture), 585
Cosmic-ray particles, Energy distribution of incoming (Millikan and Neher), 409
Culture, American, and its place in general culture, Symposium on, 515

Darrow, Karl K., Introduction to the ionosphere, 429
Davenport, Charles B., Post-natal development of the head, 1

Emeneau, M. B., A classical Indian folk-tale as a reported modern event: the Brahman and the mongoose, 503
Exner, Frank (with Roberts Rugh, see Rugh)

Franklin's views on the phosphorescence of the sea (Harvey), 341
Frog eggs, leopard, activated by bullfrog sperm, Development of (Rugh and Exner), 607
— tadpoles, Effects of metrazol on tissues of (Speidel), 349

Harvey, E. Newton, Benjamin Franklin's views on the phosphorescence of the sea, 341
Head, Post-natal development of (Davenport), 1
Hettinger, H. S., Remarks (Symposium on American culture), 587
Humphreys, W. J., Remarks (Symposium on American culture), 586
Huntington, Edward V., Remarks (Symposium on American culture), 556

Indian folk-tale as a reported modern event: the Brahman and the mongoose (Emeneau), 503
Ionosphere, Introduction to (Darrow), 429

Jepsen, Glenn L., Paleocene faunas of the Polecat Bench formation, Park County, Wyoming, 217

Keppel, Frederick P., Remarks (Symposium on American culture), 515
Kidder, Alfred V., Looking backward (Symposium on American culture), 527

Lincoln, Elsie, Growth in Aeshna tuberculifera (Odonata), 589
Luening, Otto, Music (Symposium on American culture), 569

McKee, Kenneth N., The popularity of the "American" on the French stage during the Revolution, 479
MacLeish, Archibald, Remarks (Symposium on American culture), 586
Mammal-bearing Tertiary of South American (Simpson), 649
Mammalian eggs *in vivo* and *in vitro* (Pincus and Shapiro), 631
Mees, C. E. K., Remarks (Symposium on American culture), 555, 558, 586
Menander, New marble bust of, wrongly called Vergil (Robinson), 465
Meteor studies, Photographic. The Taurid shower (Whipple), 711
Metrazol, Effects of, on tissues of frog tadpoles (Speidel), 349
Millikan, Robert A., and H. Victor Neher, Energy distribution of incoming cosmic-ray particles, 409
Morris, Harrison S., Remarks (Symposium on American culture), 555

9 711 9/12

Mumford, Lewis, Looking forward (Symposium on American culture), 539; Remarks, 557, 558

Neher, H. Victor (with R. A. Millikan, see Millikan)
Nerves, Studies of living (Speidel), 349
Neurohumors of the color changes in catfishes and on fats and oils as protective agents for such substances (Parker), 379
Newcombe, Curtis L., Studies on the phosphorus content of the estuarine waters of Chesapeake Bay, 621

Paleocene faunas of the Polecat Bench formation, Park County, Wyoming (Jepsen), 217
Parker, G. H., On the neurohumors of the color changes in catfishes and on fats and oils as protective agents for such substances, 379
Phelps, William Lyon, More notes on Shakespeare, 493
Phosphorescence of the sea, Benjamin Franklin's views on (Harvey), 341
Phosphorus content of the estuarine waters of Chesapeake Bay (Newcombe), 621
Pincus, Gregory, and Herbert Shapiro, The comparative behavior of mammalian eggs *in vivo* and *in vitro*. VII. Further studies on the activation of rabbit eggs, 631

Rabbit eggs, Further studies on the activation of (Pincus and Shapiro), 63
Robinson, David M., A new marble bust of Menander, wrongly called Vergil, 465
Rugh, Roberts, and Frank Exner, Developmental effects resulting from exposure to x-rays. II. Development of leopard frog eggs activated by bullfrog sperm, 607
Russell, H. N., Remarks (Symposium on American culture), 556

Sea, Benjamin Franklin's views on the phosphorescence of (Harvey), 341
Shakespeare, More notes on (Phelps), 493
Shapiro, Herbert (with Gregory Pincus, see Pincus)
Simpson, George Gaylord, Review of the mammal-bearing Tertiary of South America, 649
Speidel, Carl C., Studies of living nerves. VI. Effects of metrazol on tissues of frog tadpoles with special reference to the injury and recovery of individual nerve fibers, 349
Stage, French, Popularity of the "American" during the Revolution (McKee), 479
Swann, W. F. G., Remarks (Symposium on American culture), 556
Symposium on characteristics of American culture and its place in general culture, 515

Taurid shower. Photographic meteor studies (Whipple), 711
Taylor, Francis H., The fine arts (Symposium on American culture), 559
Tertiary, Mammal-bearing, of South America (Simpson), 649

Vergil, New marble bust of Menander wrongly called (Robinson), 465

Whipple, Fred L., Photographic meteor studies. III. The Taurid shower, 711
Winlock, H. E., The origin of the ancient Egyptian calendar, 447

X-rays, Developmental effects resulting from exposure to (Rugh and Exner), 607
